

NORTH BARRINGTON ELEMENTARY

Returning Students

All Chasewood Learning programs are repeatable, and children are placed based on skill and experience. Students move up a level each time they complete levels and move on to more advanced curriculum and challenges.

Mission Statement

To provide a robust reinforcement of STEM education. We closely follow a learning philosophy that focuses on children's learning while having fun. Our curriculum and lesson plans are developed to align with NGSS (Next Generation Science Standards), Common Core, and LEGO Education.

Registration

Register online at www.ChasewoodLearning.com

Class size limits may be enforced depending on number of signups, and students will be enrolled on a first come first serve basis. Payment is due at time of registration.

LEGO Robotics Academy

The Chasewood Robotics Academy is a comprehensive after school program where children are learning to design, build, and program robots using their school computers. Using a creative educational approach built around LEGO Education Robotics that supports Science, Technology, Engineering and Math (STEM), this class is led by Chasewood Learning's teacher led instruction followed by fun, engaging and dynamic activities.

Fall Session I: Grades K - 5

Fridays, 2:45pm - 3:45pm, 9/21 - 10/26

\$80 for 5 Weeks

No class 10/19

STEM Learn To Program

Prepare your kids for the future! In this exciting class children learn programming essentials with the Scratch programming environment developed by MIT. It allows children to program their own interactive stories, games and animations. It encourages systematic reasoning, creativity and helps them to work collaboratively.

Fall Session II: Grades 2 - 5

Fridays, 2:45pm - 3:45pm, 11/19 – 12/14

\$80 for 5 Weeks

No class 11/23
