

Basketball Parent Consent Form

Barrington School District 220 currently intends to conduct practices and/or host games during the 2020-2021 basketball season. Pursuant to Illinois Department of Public Health (IDPH) and Illinois High School Association (IHSA) guidelines, basketball is considered a high risk sport if intra-team scrimmages and games are allowed. IDPH and IHSA guidance allows for there to be intra-team scrimmages and games, **with parental consent**.

Student-athletes participating in the Barrington 220 5th Grade Intramural Basketball Program will follow these mitigation steps:

- Complete the [COVID-19 Symptom Screening](#) prior to practice
- Sanitize hands as they enter the practice facility
- Wear a face mask throughout the practice or game
- Maintain 6 foot social distancing when not engaged in play
- Games will be limited to student-athletes and coaches (coaches will live stream the games)
- All 5th grade students (remote and in-person) will be invited to participate

The Barrington 220 5th Grade Intramural Basketball Program will begin February 16, 2021 and end by March 16, 2021. Student-athletes will participate in four basketball practices and three games. Coaches will be communicating schedules in the upcoming days. There will be four schools that will host games during the season. They are as follows: Countryside, Grove, North Barrington and Roslyn.

As a parent/guardian, it is your voluntary decision to permit your student's involvement in the 2020-2021 5th grade basketball season. The District will implement management and control measures in accordance with relevant CDC, IDPH, and IHSA guidance for basketball, but risks cannot be fully eliminated.
