

Dear Fourth Grade Student,

Today, you are going to practice accessing and using your newly created NoodleTools account.

Follow the directions below, so that you can become a Resource Wizard!

- 1) Access the [Elementary Launchpad](#).
- 2) Click on NoodleTools. (It is in the pink practice section.)
- 3) Remember to access using the Google for Education side with your google account information.
- 4) Create a new project called, Library Practice.
- 5) Browse to the Pebble Go Next area of the Elementary Launchpad. Do a practice search. Create an entry for your resource list.
- 6) Browse to the Inquiry resource area of the Elementary Launchpad. Select a web resource that you can enter into your practice resource list.
- 7) When you have completed both of these entries, please raise your hand so that they can be checked.
