Community Unit School District 220 offers a self-funded K-12 Summer Program. The program is available to any public, private, or parochial student who is a legal resident in District 220. Students who live outside the boundaries of District 220 are also able to take courses, if space is available.

How To Register

Summer School offerings can be viewed on-line starting March 1st by visiting www.barrington220.org/summerschool and clicking on the Elementary Summer School link. Registration opens March 20th (1st day of parent-teacher conferences). All registration must be done online. Kiosks are available by appointment at the following locations:
James Street District Office: 847-842-3512
Sunny Hill School: 847-426-4232

Please refer to the fees listed with the course descriptions in the Summer School 2019 Program for the appropriate course fees associated with your desired course(s).

Non-Barrington 220/Out of District Students:

Non-Barrington 220 Students, enrolled in a Barrington 220 school for the Fall:
Once the student is enrolled for the following school year through the pre-registration process (March - May), the student may register for summer school. Online registration will be available within 24 hours of registration. Should you need assistance navigating this process, please contact the Rose or Roslyn school offices.

Non-Barrington 220 Students Living in District 220 Boundaries, NOT Attending a Barrington 220 school in the Fall:

The registration period will be from May 7 – June 7. Please call for a registration appointment 847-842-3512. The following must be submitted at the time of registration in order to confirm the seat in the course:

1. Summer School Enrollment Form (available @ your registration appointment)
2. Registration & Payment Form Completed
3. Full Payment at time of registration by check
4. District Health Form (available @ your registration appointment)
5. Immunization Record
6. Recent Physical
7. 3 Proofs of Residency

Non-Barrington 220 Student NOT Living in District 220 Boundaries:

Students are eligible to take classes with summer school principal permission. **Registration will be from May 29 – June 7.** Please call for a registration appointment 847.842.3512. The following must be submitted at the time of registration in order to confirm the seat in the course:

1. Summer School Enrollment Form (available @ your registration appointment)
2. Registration & Payment Form Completed
3. Full Payment at time of registration by check
4. **An additional, one time out of district fee of \$50 per student, needs to be included with the payment.**
5. District Health Form (available @ your registration appointment)
6. Immunization Record
7. Recent Physical

SUMMER SCHOOL FEES

Registration completed on-line. Payment for all courses must be made at that time.

CUSD 220 School Board approved Refund Policy:

Refunds: Elementary Summer School is a self-funded summer program. Staff are hired and paid based on enrollments. **Staffing is finalized in May. For that reason, no refunds are given after May 19th.**

Contact Karen Jasonowicz, kjasonowicz@barrington220.org or 847-842-3512, if you have questions about changing a class. We will try to accommodate your request.

FAQ

Does the district provide transportation?

Parents are responsible for transportation to and from summer school, except for qualified participants.

What determines if a class will be cancelled?

You will be notified if a class is cancelled. It is important to have an alternative plan if a class is cancelled. The district reserves the right to cancel any courses which do not meet enrollment requirements. If your course or camp requires a lab or equipment fee, you will pay the fee at the time of registration.

Special Education Extended School Year Summer School Information

WHEN: Thursday, June 6 through Thursday, June 27

Classes are from 8 a.m. to 11:00 a.m.

**WHERE: Barbara Rose School, 61 W. Penny Road, South Barrington IL 60010
Roslyn Road School, 224 Roslyn Road, Barrington, IL 60010**

REGISTRATION: Registration will take place at each student's Annual Review.

TUITION: Students must be identified as eligible for Extended School Year (ESY) at the Individual Education Program (IEP) conference/Annual Review. Requests for related services will be considered at the Annual Review. There is no cost to the parents for the Extended School Year Summer School.

TRANSPORTATION: Transportation will be provided only for eligible special education students of District 220.

INFORMATION: All questions regarding Special Education Extended Year Summer School Program should be directed to Laura Pawlak at 847-842-3508

Health Information

What do I need to provide the nurse's office?

Students that were enrolled in a District 220 school during 2018/19 have records on file. Teachers have access to students' health conditions and emergency health plans. Please update the summer school nurse if there are any changes. School Board Policy 7:100 requires the most recent physical and immunization record must be on file.

If a student was not enrolled in a District 220 school, they will need to fill out an Emergency Health Form and most recent physical/immunization record. Please notify the nurse if your child has an Emergency or Health Plan in place at his/her present school.

Nurse Notes:

Does your child have Asthma, Food or Bee Allergy, or other Health Conditions?

- Please remember that if your child has an Inhaler or Epi-Pen that they carry at school, to notify the Summer School Nurse.
- Children prescribed an Inhaler or Epi-Pen should have them available during summer school in case of an emergency.
- Appropriate medication forms should be on file.
- Students may need an Emergency Care Plan (ECP) developed by the school nurse to be shared with teachers and coaches that have a need to know.
- Contact the School Nurse if you have any concerns regarding your child's health status during summer school.

Health Questions please call the summer school at:

<u>Rose Summer School Office:</u>	847-844-1200
<u>Roslyn Summer School Office:</u>	847-381-4148
<u>Sunny Hill Summer School Office:</u>	847-426-4232

Note: All classes are recommended by the grade level a student is entering in the Fall of 2019. For example, Kamp Kindergarten is generally most appropriate for students entering kindergarten in the fall of the year. Any questions on student readiness for a course should be directed to the Roslyn or Rose school principals.

Kamp Kindergarten

For students entering kindergarten. This 2 hour class will provide entering kindergarteners with a general preview of their kindergarten year. Emphasis will be on language development, letter and sound identification, socialization, numeracy skills and writing. A fun time for our young learners!

First Grade Knock-Outs

For students entering 1st grade. This class is offered as a 2 hour class. Imagine if kindergarten hadn't ended in June. Students will continue to make progress in reading, writing and math. All levels of students are welcome for a fun and productive two hour learning experience!

Second Grade Reading Stars

For students entering 2nd grade. This 2 hour class will give entering second grade students the opportunity to extend their skills in reading and writing. All levels of students are welcome. It will be a learning celebration!

Second Grade Math Stars

For students entering 2nd grade. This 2 hour class will give entering second grade students extra math practice using the Math in Focus curriculum. We will work on math facts; number fluency and lots of math problem solving. All levels of students are welcome for this math event!

Third Grade Reading Army

For students entering 3rd grade. This 2 hour class will give entering third graders the opportunity to extend their skills in reading and writing. All levels of students are welcome. It is a learning celebration!

Third Grade Math Maniacs

For students entering 3rd grade. This 2 hour class will give entering third graders an opportunity to grow as mathematicians using our Math in Focus curriculum. We will work on math facts, number fluency and lots of math problem solving. All levels of students are welcome for this math event.

Fourth Grade Reading Round-Up

For students entering 4th grade. This class will give students the opportunity for extra practice in reading and writing before they enter fourth grade. All levels of students are welcome to grow as thinking readers.

Fourth Grade Math College

For students entering 4th grade. Students will work on math covered in our Math in Focus curriculum. We will review addition, subtraction, multiplication and division skills. Problem solving activities will be emphasized. Fractions and decimals will also be covered. All levels of students are welcome for math challenge.

Fifth Grade Reading Rockets

For students entering 5th grade. This class will give students the opportunity for extra practice in reading and writing before they enter fifth grade. All levels of students are welcome to grow as thinking readers.

Fifth Grade Math University

For students entering 5th grade.

Students will work on math covered in our Math in Focus curriculum. We will review addition, subtraction, multiplication and division skills. Problem solving activities will be emphasized. Fractions and decimals will also be covered. All levels of students are welcome for math challenge.

Lab fee \$25

Art Adventure

For students entering 3rd – 6th grades

Students will create amazing projects using a variety of media and techniques. Kids have the time to work on amazing projects that are challenging and more involved than school projects. A variety of media including painting, clay, and printmaking will be covered.

Lab fee \$25

Where the Action Is I (PE)

10 a.m. for students entering K – 3rd grades.
This is a great class for kids with a lot of energy. Every day they will play games and participate in cool activities both indoors and outdoors. You'll have a blast!

Where the Action Is II (PE)

8 a.m. for students entering 3rd – 6th grades
This is a great class for kids with a lot of energy. Every day they will play games and participate in cool activities both indoors and outdoors. Students in this course – designed for older students. You'll have a blast!

@ Roslyn Road you will learn bicycle skills as part of the course.

Grow Your Brain Cells, Brainiacs!

8 a.m. class for 2nd – 4th grades

10 a.m. class for 4th – 6th grades

This class will challenge your thinking skills. Puzzles, chess, game challenges, inductive/deductive thinking and word games. Gymnastics for the brain!

10:00 am class

Breakout EDU Tech Class - Beginner

For students entering grades 3rd - 6th
Breakout Edu is an ultra-engaging learning game in which students need to unlock a box. Breakouts (games) teach students critical thinking, problem solving, and troubleshooting skills by presenting them with challenges that ignite their natural curiosities! Students use teamwork to find hidden clues in order to unlock a series of locks attached to the box. Once becoming masters and solving multiple breakouts, students will work in teams to set-up Breakouts for other students to solve. In addition, students will have an opportunity to design their own Breakouts for friends or family members utilizing different technology apps including iMovie and Green Screen. Students will each receive their own Breakout box and a few locks! Content areas: Reading, Writing and Math.

Lab Fee: \$25.00

8:00 am class

Breakout EDU Tech Class - Advanced (ONLY IF TAKEN LAST SUMMER)

For students entering grades 3rd - 6th
Students will continue solving Breakouts (games) utilizing their critical thinking, problem solving, and troubleshooting skills. This summer students will use teamwork to find hidden clues which incorporate STEM technology in order to unlock a series of locks attached to the box. Students will master digital Breakouts and will work in teams to set-up Breakouts for the Beginner Breakout class. In addition, students will have an opportunity to design another Breakout for friends or family members utilizing different technology apps including iMovie, Green Screen, and Locks. Students will each receive a few new locks to add to their hasp! Content areas: Reading, Writing and Math.

Lab Fee: \$25.00

MasterChef 220

For students entering 4th – 6th grades
Students will learn to navigate a kitchen through this course. Students will learn how to prepare different dishes for breakfast, lunch and dinner. In addition, students will learn how to bake various creations for desserts and treats. The course will focus on the enjoyment of food preparation while also teaching students the habits of a balanced diet, good nutrition and how to interpret a nutrition guide. A literacy component will be blended with this course during wait time for dishes to be completed.

Lab Fee \$25

**Inventors Lab: Science, Technology,
Engineering and Math (STEM) Playground**

For students entering 4th – 6th grades

Are you a problem solver? Do you think outside of the box? If so, this class is for you! Girls and boys will enjoy this two-hour adventure into the world of STEM. During the course, students will use the engineering design process to solve a variety of challenges from aerospace, to renewable energy, bio-technical and more. Students will collaborate in teams, practice critical thinking skills, showcase their creativity, and communicate their engineering solutions! The future of STEM is you!

Lab fee \$25

Writer's Workshop

For students entering 3rd – 6th grades

Do you enjoy writing short stories and “how to hacks” in class during the school year? We have the class for you! A class all about your writing craft. Spend mornings during the summer refining your skills in telling stories and communicating through the written word and other mediums of communication. Students will spend time writing, sharing and receiving feedback from a writing coach and peers on their work.
