Greg Stahler, Cashman Stahler Group
Cheryl Wadsworth, Director of Fiscal Services

The meeting was called to order at 4:02 p.m.

Public Comment

The opportunity for an individual to make a public comment was presented. No public comments made.

Approval of Facilities Committee Minutes

The Facilities Committee approved the minutes from the November 3, 2015 meeting.

Grove Playground Update

Cindy Kalogeropoulos gave an update on the Grove playground. The architect's drawings of the project are not final. The challenging piece is that fundraising is still in progress while planning this project. Site work will be the largest part of the cost. Additional pieces of the project may be added at a later date as fundraising progresses.

Countryside Hoop Dreams Update

Jennifer Barnabee gave an update on the Hoop Dreams project. The fundraising should be complete and met by the end of the year.

2016 Summer Projects

Summer projects were discussed. Three projects have been added to the list. Tom Campagna will ask for up to \$100,000 for engineering and architectural preparation for the summer projects. The administration expects to go to the Board for bid approval on projects sometime in February or March 2016.

Hough Street School was discussed. Brian Harris stated that we recognize there are needs at Hough. The District is currently past the window of opportunity to handle the large renovation project this coming year. However, we can still address the following needs at Hough Street School:

1. Main Entrance – Currently has an open space prior to arriving in the office. Locks on second set of doors would create a “man trap”. The District will put an additional staff person stationed at the entrance to monitor who enters and exits.
2. Remodeling of the current nurse’s office to be ADA compliant.
3. Staff washroom.

The range of cost is around \$300,000.

Long Term Facilities Master Plan

The administration will prioritize the Long Term Facilities Master Plan and bring it back for Board review.

The meeting was adjourned at 5:37 p.m.
