School History
Barrington High School is the only high school in the Barrington 220 School District. The original BHS was located on Hough Street, in the heart of downtown Barrington. In September 1949 it opened at its current location on West Main Street, intended for 500 students. As the community has grown, several additions have been added to the school. Upon entering the front of the building, visitors will notice the school’s Future President’s Exhibit, which features photos of President John F. Kennedy’s visit in October 1960 and President Barack Obama’s visit in April 2006. Today BHS is recognized as an innovative high school that embraces the future, while still taking pride in its rich history and traditions.
